ASTHMA POLICY

ASTHMA POLICY

Cleves has adopted the National Asthma Council's guidelines and all children are encouraged to carry their own inhalers with them but we do request a spare one which is kept safe by the Welfare Assistant.

We also request that an Asthma card is completed and left with the Welfare Assistant.

This policy has been agreed with the help of the local Asthma Nurse.

Action

A large orange poster Asthma Attack is displayed in each classroom.

Guidelines for Asthma attack are held in the medical Boxes and travel buckets used on day and residential trips.

We operate a Non Smoking Policy within school.
